

ABET Form for Independent Study (4974) or Undergraduate Research (4994)

Course : **ECE 4974 or 4994 (circle one) Prepared by(Faculty) :** _____ **Date :** 00/00/XXXX

	Course Learning Objective	Overall Educational Objective (Enter level number defined below)						
1		1	2	3	4	5	6	7
What will be measured to demonstrate that this learning objective has been achieved?								
	Course Learning Objective	Overall Educational Objective (Enter level number defined below)						
2		1	2	3	4	5	6	7
What will be measured to demonstrate that this learning objective has been achieved?								
	Course Learning Objective	Overall Educational Objective (Enter level number defined below)						
3		1	2	3	4	5	6	7
What will be measured to demonstrate that this learning objective has been achieved?								
	Course Learning Objective	Overall Educational Objective (Enter level number defined below)						
4		1	2	3	4	5	6	7
What will be measured to demonstrate that this learning objective has been achieved?								
	Course Learning Objective	Overall Educational Objective (Enter level number defined below)						
5		1	2	3	4	5	6	7
What will be measured to demonstrate that this learning objective has been achieved?

6		1	2	3	4	5	6	7
What will be measured to demonstrate that this learning objective has been achieved?								

OVERALL EDUCATIONAL OBJECTIVE

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

COVERAGE LEVEL
